Notes for Independent Inspector

#	Notes	Regarding
1.	<p>Consumers can find a link to all information required by the SRI in the Safety Guide manual provided with the console. The link can be found under the manual heading 'Product Ecodesign' for all models in scope. The link is playstation.com/Ecodesign</p> <p>To demonstrate how the consumer would find this information, website links to each online product manual have been provided in this PCR submission – in addition to the direct link to the information.</p> <p>Website links to product manuals are subject to change with updates made to the PlayStation website. This means that links to the manuals may be outdated when viewing old PCR submissions. Online manuals may also be accessed directly through the PlayStation website, by navigating to 'Site Map > Support > Manuals' at the bottom of the playstation.com website homepage.</p> <p>To access the information directly from the PlayStation website, navigate to 'Legal > Ecodesign' at the bottom of the playstation.com website homepage.</p> <p>Should these instructions change in the future as the PlayStation website evolves, the link playstation.com/Ecodesign as provided in the product manuals will always be directed to the latest information requirements.</p> <p>When accessing the link playstation.com/Ecodesign the user will be directed to a local version which depends on the country it is accessed in. When accessed in the UK, information provided will be in accordance with the UK Games Console Voluntary Agreement. When accessed in EU countries, the information provided will be in accordance with the EU Games Console SRI and displayed in the local language.</p> <p>Links to previous PCR submissions may also be found on the GCVA website www.efficientgaming.info by navigating to 'Compliance > Product Compliance Reports (PCR)'</p>	Accessing information requirements, manual and website links, local information
