VA Administrator to ask webmaster if anything can be done about GCVA website being rejected by filters.	

Annual Compliance Report

Summary of changes to the draft EU SRI v.5 following the Consultation Forum

EU SRI v.5 updates from CF members' feedback

- **Signatories shared with the EC their feedback to stakeholder comments for further distribution on 17 May 2024.**
- **Compliance and verification process**
 - Adjusted to ensure power testing is representative through a more comprehensive testing process.
- **Editorial**
 - Editorial updates such as those regarding broken links and missing footnotes, text order, typos, clarifications.
 - Minor update to Annex F regarding energy savings.

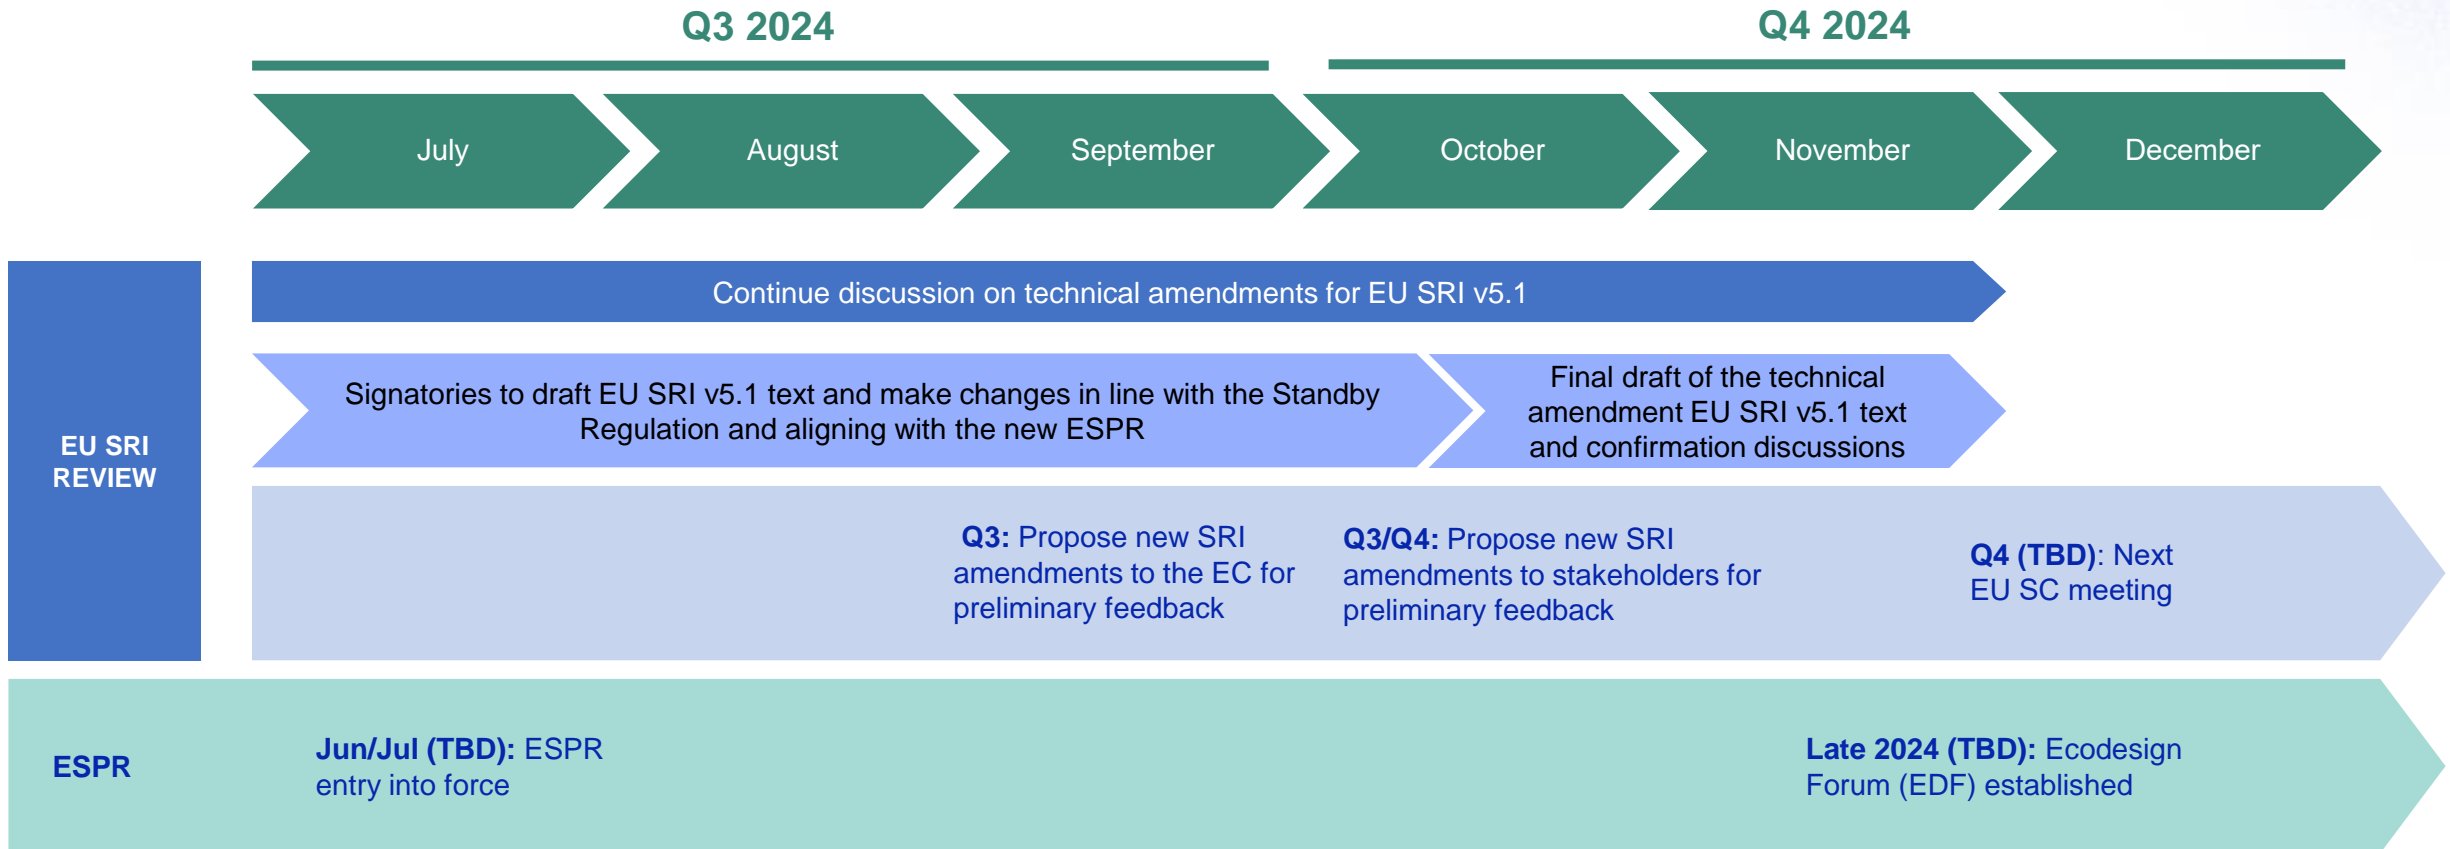

EU SRI v.5 as presented to CF (Dec 23) - Recap

Revisions and clarifications made to **EU SRI v.5** include:

- **Energy Efficiency**
 - Power cap reductions for Navigation and Media modes.
- **Resource efficiency**
 - Increase duration of spare parts provision from 2 to 5 years.
 - Increase the number and types of spare parts made available.
 - Included a minimum time commitment of 5 years to provide an out-of-warranty repair and refurbishment services.
 - Exclusion of halogenated flame retardants in plastic external enclosure parts greater than 0.5g.
- **General updates**
 - Compliance and verification process: yearly energy efficiency testing and resource efficiency verification.
 - The word “resource” added to the GCVA title.

Recognition of final EU SRI v.5

Next steps
